

DEKRA – Technical Engineer / Project Manager Lighting

What will your role involve

As a **Technical Engineer / Project Manager Lighting**, you will manage projects related to testing and certification for a wide range of lighting products executed by our test engineers. You combine technical expertise with project management and act as the main contact person for customers throughout the process.

You will assess products against international standards, monitor project progress, and translate technical requirements into practical solutions. You will also keep up to date with developments in the lighting industry and help customers meet new market and certification requirements.

Together with a team of specialists, you will work on innovative products and contribute to a safer and more sustainable world.

Your profile

- Bachelor's level of thinking and working, preferably in Electrical Engineering or a related field;
- Experience with technical projects and customer interaction;
- Interest in testing, certification, and product safety;
- Knowledge of IEC 60598, IEC 61347 and/or IEC 62031 is an advantage;
- You enjoy taking responsibility and managing priorities;
- Strong communication skills, customer-focused, and a team player;
- Excellent command of the English language.

Here is what we offer

- Competitive salary and comprehensive benefits;
- A variable performance **bonus scheme**;
- **25 vacation days** and **13 ADV (Additional Days Off)** for ample relaxation;
- Travel and remote work allowances;
- Discount on various insurance plans;
- Abundant opportunities for **career growth**, supported by multiple training programs;
- Engage in a challenging role within a cohesive team of proficient experts in a dynamic and international setting.

More about DEKRA

DEKRA is the world's largest non-listed expert organization in testing, inspecting, and certifying according to international safety and sustainability standards. Founded in Germany in 1925, the company's mission was to inspect vehicles to ensure traffic safety. Today, we offer a wide range of services, from product safety testing, audits, and inspections to damage assessment and HSE consulting. We operate in over 60 countries to ensure safety on the road, at home, and in the workplace worldwide. [Explore all our services here](#).

We have a clear mission: as a leader in testing, certification and inspection, we ensure that products, assets, and technologies are safe, reliable, and sustainable – building trust between people and technology. And you are welcome to join! [Discover more about DEKRA here](#).

Questions?

Do you have any questions about this vacancy? Please contact Linde de Wit - Regtering. You can reach her at or send her an email at recruitment.nl@dekra.com.

Please note: We manage our recruitment and selection entirely in-house. We do not appreciate acquisition by agencies or intermediaries. Submitting candidates without prior consultation and an explicit, written assignment from DEKRA does not establish any rights. Unsolicited profiles will be considered unrequested and will not be processed.
