

DEKRA – Test Engineer | Projectmanager Industrial Components

What will your role involve

Are you ready to make the world a safer place with us?

At DEKRA, you'll have the opportunity to work as a Test Engineer on challenging and diverse projects within the Industrial Components product group. Collaborating with clients from all over the world, you will oversee certification processes from start to finish. Each project brings new opportunities to apply your **expertise** and grow your skills. Additionally, you'll have the **freedom** to shape this role your way and—when necessary—visit international laboratories!

Responsibilities

- Planning and conducting safety tests for industrial components, such as surge protection devices, miniature circuit breakers, switches, and potentially distribution boards and low-voltage panels;
- Preparing technical quotations and test plans, managing budgets, documenting results, and reporting progress;
- Interpreting and applying standards and regulations to ensure compliance with safety requirements;
- Analyzing test results and delivering accurate, reliable reports;
- Writing and reviewing test reports with clear conclusions and recommendations;
- Communicating proactively with clients: sharing technical insights and project updates while building strong relationships and mutual trust.

Your profile

- Strong technical aptitude, preferably with experience in testing and certification;
- Experience in testing and managing projects in a technical environment, with the ability to handle multiple projects simultaneously;
- Clear and professional communication skills at all levels;
- Experience in an (electro)technical environment is a plus;
- Proficiency in English, both spoken and written;
- Flexibility, problem-solving skills, and a collaborative team spirit.

Here is what we offer

- Competitive salary and comprehensive benefits;
- A variable performance **bonus scheme**;
- **25 vacation days** and **13 ADV (Additional Days Off)** for ample relaxation;
- Travel and remote work allowances;

- Discount on various insurance plans;
- Abundant opportunities for **career growth**, supported by multiple training programs;
- Engage in a challenging role within a cohesive team of proficient experts in a dynamic and international setting.

More about DEKRA

DEKRA is the world's largest non-listed expert organization in testing, inspecting, and certifying according to international safety and sustainability standards. Founded in Germany in 1925, the company's mission was to inspect vehicles to ensure traffic safety. Today, we offer a wide range of services, from product safety testing, audits, and inspections to damage assessment and HSE consulting. We operate in over 60 countries to ensure safety on the road, at home, and in the workplace worldwide. [Explore all our services here.](#)

We have a clear mission: as a leader in testing, certification and inspection, we ensure that products, assets, and technologies are safe, reliable, and sustainable – building trust between people and technology. And you are welcome to join! [Discover more about DEKRA here.](#)

Questions?

Do you have any questions about this vacancy? Please contact Minke van Puijenbroek. You can reach her at or by email to recruitment.nl@dekra.com

Please note: We manage our recruitment and selection entirely in-house. We do not appreciate acquisition by agencies or intermediaries. Submitting candidates without prior consultation and an explicit, written assignment from DEKRA does not establish any rights. Unsolicited profiles will be considered unrequested and will not be processed.
